Volume V, Section 2 – Combination System Message Classes

Overview

All message classes are named from the user perspective.

- The first four characters of the message class identify the type of data.

- The second two numbers refer to the cycle year.

- Files that are exported from EDExpress are assigned the letters "IN" after the message class.

- Files that are imported into EDExpress are assigned the letters "OP" after the message class.

EDExpress Direct Loan and Pell Grant Combination message classes are provided in this section.
